General Information Maryam Iranpour:

1. Associate Professor of Pathology Department of Pathology , School of Medicine , Pathology and Stem Cell Research Center , Kerman University of Medical Sciences Kerman , Afzalipour Hospital , Kerman University of Medical Sciences.

1. Curriculum Vitae

Academic Position : Associate Professor in Kerman University of Medical Sciences.
Deta of birth : 11.9.1976 Place of birth : Iran , Kerman , Baft
Marital status : Married
Iranian Medical Council Registration No : 93414

1.Coctacts

Address : Department of Pathology , School of medicine , Kerman university of medical sciences , Kerman , Iran
Tel : 03433257112
E mail : dr.eranpour .86 @gmail .com
Miranpour @ kmu.ac.ir

2.Education and Training

3.Pathology , Speciality board qualified , Kerman University of Medical Sciences , Kerman , Iran (2011)

4.MD , Kerman University of medical sciences , Kerman , Iran 2002

5.Administrative and scientific positions.

6.Associate professor of pathology , Kerman University of Medical Sciences (2013-present)

7.Member of Irnian society of pathology (2012-present)

8.Member of Iranian society of cytology (2012-peresent)

9.Member of Thesis committee of Afzalipour medical school (2015-peresent)

10.Laboratory Manager of Afzalipour hospital (2015-peresent)

11.Member of pathology and stem cell research center ence J (2016)

- General pathology for GP and dentistry students
- Systemic pathology for GP students
- Practical advanced pathology for resident of pathology
- Pathology course for laboratory medicine students
- Clinical pathology for GP students

12.Courses taken :

- Workshop on recent development of molecular pathology and telecommunication in diagnostic pathology

- Workshop on Obiective Structured clinical Examination (OSCE)

- Workshop on multiple choice question (MCQ)

- Workshop on SPSS and Endnote courses.

- Workshop on Sequence Analysis.

- Workshop on research in education.

- Workshop on Large Group control in education.

- Workshop on How to make a powerful powerpoint presentation ?

- Workshop on Quality control in laboratory

8.Publications

13.Montelukast for Medical Delay in Flap surgery

14.TLR4 : An Important Molecule Participating in Either Anti – Human papillomavirus Immune Responses or Development of Its Related Cancers.

15.Application and Assessment of Allogeneic Fibroblasts for cell Therapy .

16.Expression of P63 , P16 and CK17 in Atypical squamous Metaplasia and cervical Intraepithelial Neoplasia.

17.An Unusual presentation of Giant Fibroepithelial polyp of the Vagina.

18.Evaluation frequency of Human Herpes Virus type 8 in patients with Breast cancer.

19.Evaluation of the protective effect curcumin on encephalopathy caused by intrahepatic and extrahepatic damage in male rats.

20.A Giant Solid-cystic Mesenteric fibromatosis with Unusual synchronous Skin Fibromatosis

21.Panax ginseng ameliorate toxic effects of cadmium on germ cell apoptosis , sperm quality , and oxidative stress in male Wistar rats.

22.Perillyl alcohol suppresses monocrotaline – induced pulmonary arterial hypertension in rats via antiremodeling , anti – oxidant , and anti – inflammatory effects.

23.Evaluation of immunohistochemical findings and clinical features associated with local aggressiveness in basal cell carcinoma

24.The Healing Effect of Nettle Extract on second Degree Burn Wounds.

25.Perillyle alcohol and Quercetin ameliorate monocrotaline – induced pulmonary artery hypertension in rats through PARP1 – mediated miR-204 down – regulation and its downstream pathway.

26.Immunohistochemical Assessment of inflammation and regeneration in morphine – dependent rat brain.

27.Assessing effect of three herbal medicines in second and third degree burns in rats and comparison with silver sulfadiazine ointment .

28.The effects of functionalization of carbon nanotubes on toxicological parameters in mice.

29.Using the NGF/1L-6 reliable criterion to show the beneficial effects of progesterone after experimental diffuse brain .

S.Maddahian : injury

30.Possible involvement of female sex steroid hormones in intracellular signal transduct .

Ion mediated by cytokines following traumatic brain injury

31.Preparation and evaluation of crocin loaded in nanoniosomes and their effects on ischemia – reperfusion injuries in rat kidney.

32.Effects of digoxin on cardiac iron content in rat model of iron overload .

33.Is genistein neuroprotective in traumatic brain injury ?

34.Deferoxamine preconditioning to restore impaired HIF-1a – mediated angiogenic mechanisms in adipose – derived stem cells from STZ-induced type 1 diabetic rats.

35.Effect of Quercus infectoria and rosa damascene on lipid profile and atherosclerotic plaque formation in rabbit model of hyperlipidemia.

36.Heterodimerization of apelin and opioid receptors and cardiac inotropic and lusitropic effects of apelin in 2K1C

Hypertension : Role of pERK1/2 and PKC

37.Comparing the Effect of dill seed vaginal cream , with a persian Traditional base , and 1% clotrimazole vaginal cream on vulvovaginal candidiasis : ADouble – Blind , Randomized clinical Trial.

38.Pirfenidone protects against paraquat-induced lung injury and fibrosis in mice by modulation of inflammation , oxidative stress , and gene expression

39.Evaluation of JC and cytomegalo viruses in Glioblastoma Tissue.

40.Thymoquinone effectively alleviates lung fibrosis induced byparaquat herbicide through down-regulation of pro-fibrotic genesand inhibition of oxidative stress .

41.Evaluation of HPV DNA positivity in colorectal cancer patients in kerman , southeast Iran.

42.Qualitative and quantitative study of immune cells in various types of cutaneous lichen planus.

43.Effect of Endurance Exercise Training on cardiac dysfunction induced by Waterpipe tobacco smoking .

44.The comparison of survival of diced , Crushed , and Block Ear cartilage Grafts in Rabbit.

45.Low prevalence of Human papilloma virus in patients with breast cancer , kerman , Iran.

46.The efficacy of a traditional medicine preparation on second – degree burn wounds in rats.

47.The changes of brain Edema and Neurological outcome , and the probable mechanisms in diffuse traumatic brain injury Induced In rats with the – History of Exercise.

48.Herbal , Animal and Mineral Remedies in Burn Wound : a review of persian traditional medicine literature .

49.Epidemiological study of various HPV strains in cervical fluid samples in South – Eastern Iran , 2018-2020

Poster Presentation :

1. Comparing the effect of dill seed and clotrimazole vaginal creams on vulvovaginal candidiasis : a clinical trial.

2. Corellation of tumor angiogenesis with tumor stage in colonic adenocarcinoma with CD34 immunohistochemical staining .

3. Evaluation of microsatellite instability (MSI)in colon adenocarcinoma with MLH1 immunohistochemical staining.

4. Vitamin D Deficiency in Female Reproductive age in kerman 2016.

5. Prevalence and antibacterial sensitivity of pathogens isolated from blood culture from Section patients received in Afzalipour Hospital lab in Kerman , 1396.

6. The efficacy of a traditional medicine preparation on second – degree burn wounds in rate.

7. Antibiotic Resistance pattern of Klebsiella pneumonia isolated from clinical specimens of Afzalipour Hospital , Kerman 1396.

8. Assessment of hepatoprotective effect of traditional Iranian herbal medicine " ZERESHK – E-SAGHIR " on carbon tetrachloride induced hepatic damage in rats.

9. The injection doses and slow release of progesterone are effective on histopathological changes after TBL.

10. The effects of two different diets during exercise on apoptotic and histopathologic indexes in experimental acute kidney injury .

11. sex steroids and brain edema :

Histopathologic Evidences.
